Any additional thoughts you would like to express?

8 responses

N/A

Trainees need to be groomed on Industrial grooming standards. Thier commitments towards work and professionalism.

Students need to undergo hotel like situations during their 3 years course. Be it grooming check, timeliness / attendance or participation in company events. They need to know that their keen interest in their areas can accelerate their career growth journey. Colleges should be pretty stern with certain behavioural requirements

The candidates were very prompt and punctual. Grooming need to be enhanced as it is service industry.

If that would be great if inters are carrying daily log-book.

None

## INDUSTRY FEEDBACK

### Objectives of Industry feedback-

1. Gather employer inputs on the quality of the students and their education in college, from the perspective of both hard and soft skills, including leadership, developed through curricular, co-curricular and extracurricular activities.
2. To identify the strengths and weaknesses of their students, allowing them to provide targeted support and guidance for their professional development.
3. To build strong relationships with industry partners, leading to potential internship, job, and collaboration opportunities for students.

### The Industry feedback form focuses on the following parameters:

1. Association with the institute for student's further progression.
2. Rating students' performance
3. Various areas of improvement in the students.

### Analysis and Outcome

90% of the organization suggested yes to associate with the institute for students progressions. 70% of the organizations said excellent for the students' performance who were going industrial training in their esteemed organizations. 50% of the organizations says that students have good mind set towards industrial training where as 40% of the organization said excellent for the same and 10% suggest needs to work on the mindset of the students. During the training period 60% of the employers said students are excellent in taking job responsibilities. 80 % of the feedbacks suggests that students have good communication skills and 20% says they are excellent in communication skills. 50% of the feedback suggests that attitude of the students is excellent. 50% of the industry says students are excellent in adopting work culture and 40% are good in the same and 10% needs to improve on it.

### Recommendation and Suggestions

1. Based on the above observations, the industry is happy with the students' performance and is willing to associate with the institute for student's further progression.
2. Most of the industries have given good response on the overall attributes of the students and their performance.
