Dear Sir,

Warm Greetings from Maharashtra State Institute of Hotel Management and Catering Technology Pune !

This is with reference to our previous correspondence regarding NIRF 2019 for our Institute. As suggested by you, we are
trying to fill our details under overall for UG programme, but a message showing error - you have applied for multiple
schemes is been displayed and also its been asked to first submit data under Management.

Hence we request you to delete our registration under Management. (Our ID is IR-M-C-41326) Which will help us
completing the process under Overall for a UG programme. Or is there any other option how we can go ahead for further
process.
