## Environmental and Energy usage policy

Maharashtra State Institute of Hotel Management and Catering Technology and Research Society, Pune is committed to promoting environmental and energy usage practices on the campus. The above goals would be accomplished by implementing the following practices:

- 1 Institutes is designed in such a way that Natural Light and Fresh Air are circulated in all the areas of the building.
- 2 Institute conducts energy audit and environmental audits every year.
- 3 The Institute has a large open terrace area, which collects water from the rains accumulated over the entire Terrace of the Institute and through an appropriately laid down Rain Water Drain System is sent back to the ground and hence ground water recharging is achieved.
- 4 The Institute has a tie-up with an NGO, for the disposal of Sanitary Napkins.
- 5 The institute follows all environmental legislation and government guidelines issued time to time.
- 6 The Institute has installed a Solar Thermal Water Heating System. This heated water is circulated in all the Training Kitchens which in turn reduces the requirement for Liquified Petroleum Gas
- 7 The institute is using all BEE energy rating electrical appliances for conserving energy.
- 8 Forming Annual Maintenance Contracts (AMCs) with vendors for regular servicing of essential equipment for conserving energy and ensuring optimal performance.
- 9 Institute promotes the drive for Internal Tree Plantation and the survival of the Trees.
- 10 Creation of Awareness in respect of the Importance of Cleanliness and energy conservation by display of Posters.
- 11 Switch off the tube lights and fans and other electrical appliances in the classroom, staff room, laboratories and administrative office whenever not required.
